\*This program is still preliminary one, and it may be changed until just the day for presentation. The final program will be shown on Jan. 9, 2010.

\*Because of tight schedule of the symposium,

each speaker must present his/her Power Point data with the laptop PC which we prepare. We will use Microsoft Power Point 2007 on MS Windows Vista.

You should bring your Power Point data with USB Device.

The Power Point data will be collected on Jan. 9 at Speakers and Moderators' Meeting.
